HORIZON[®]

inspire

Be inspired to make a difference to patient healthcare. Introducing the Horizon Inspire, UKCA, Health Canada* and FDA-cleared Transcranial Magnetic Stimulation (TMS) for clinical treatment of MDD, OCD and decreasing Anxiety**.

Now FDA Cleared for Treatment of MDD in Adolescent Patients***.

HORIZON INSPIRE TMS ADVANTAGES

- Intuitive preset clinical workflows
- User friendly
- Portable device between clinic rooms
- Cost effective
- Customizable treatments
- MEP functionality
- Powerful data analytics
- Correct and consistent dosage amounts with no pulse decay
- Magstim's air-cooled coil technology reduces downtime and extra expenses

HORIZON AFC COIL

- High-power air-cooling
- Designed to deliver back-to-back treatment protocols, minimising downtime between patients

HORIZON MT COIL

- Designed for motor threshold assessment
- Controls located on the coil for ease of use

WHY PATIENTS AND CLINICIANS ARE CHOOSING TMS

- Comfortable and stable treatment experience
- Precise and personalized treatment plans
- Non-invasive treatment solution
- No sedation or anesthesia is required

REASONS WHY CLINICS CHOOSE MAGSTIM TMS

- No pay-per-use plans
- Dedicated US and UK Support Team (Sales, Service, and Training)
- Quick installation service
- Original innovators of TMS, 30+ years in the industry
- In-person and virtual training

MAGSTIM CONNECT AND ANALYTICS

Consistent connected care across networked sites, even remotely managing patient treatment plans.
